My Mum and I

Share something memorable between you and your mum.

My mother has taken care of me since I was a baby. So, when my mother gets hurt, I always say "That's my fault."

One evening, after I visited my grandpa and grandma for new year, my sister and I got a lot presents and money. My mum and I went to the playground.

When we went home, my mother cried "Ouch! Ouch! Ouch..." I said, "That's my fault." "If we hadn't gone to the park you would not have got hurt... I am so sorry..." "That's not your fault. My bag broke and the sharp point hurt me."

That's OK! Don't worry." My MOM IS THE BEST IN THE WORLD.

She never lets me feel bad about anything. so much she always wants me to be happy. That's why I love her.
