

My Mother

Larry Kwok (Age 10)

My mother is a nice and kind woman because she always helps me when I don't know something. She is good at cooking because she always reads the cookbook. She has short hair, brown eyes, long legs and wears red glasses.

My mum talks to me about many things. One of the things she tells me about is her life when she was young. She teaches me how to cook too.

My mum and I spend a lot of time together. We play games, bake bread, make birthday cards and draw together. But our favourite hobby is reading our favourite book called Harry Potter. The book is very exciting. It makes me and mum feel excited.

My mum always takes me shopping. We buy books, warm clothes and we eat in restaurants. We usually get Japanese food or go to McDonald's.

My mum always laughs and when she laughs it gets very noisy. She laughs every day when she watches TV. Sometimes when she laughs, I will laugh too.

My mum is a kind woman but sometimes she will get angry. I really love her.
